HER FAVORITE — Mrs. Polly Ogden, a supervisor in the long distance center for General Telephone, shows off her favorite decorator telephone. The local utility is offering decorator telephones for customers in this area for the first time. General Telephone is the only utility in Southern California with the new special line of phones.

To Match Milady's Decor

Customers Invited To View New Phones Display

Whether the decor of your home is French Provincial, Early American, Mediterranean, or Contemporary, General Telephone Company has developed decorator telephones that are now available here to suit the most discriminating of tastes, and to blend with a variety of rooms and color schemes, announced Henry Schull, local division manager for the utility, today.

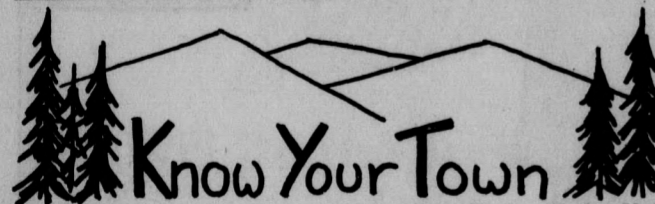

This new service is a telephone industry first in Southern California. "All customers in Monrovia, Duarte and Sierra Madre will have the opportunity to subscribe to this decorator service, initially," Schull stated. It is planned that by March of 1970, the offering will be expanded to all the areas served by General Telephone of California.

The Company's first general offering of the decorator telephones will include four styles of Cradlephones and four models of a Chestphone. The Chestphones, inside, reveal a uniquely designed handset that sets in a matching ebony or tan cradle. The dial is mounted on a walnut base for easy access and convenience. The exterior is provided in either handsome black leather panels, old world carved walnut, or a hunting scene in a marble effect.

In describing a second line of decorator phones

being offered here, Schull said, "the French styled Cradlephones are designed in the best of taste; neither garish nor plain, but striking a subtle compromise. The Mediterranean Model lends itself well to our famous Spanish architecture and the currently popular mediterranean furniture, while another model, the Grecian Cameo, features faithful miniature recreations of original ancient Grecian masterpieces in raised relief on a blue background surrounding the base of the telephone. The offering also includes a decorative Cradlephone with an antique white finish, and phones with brocade panels in red, gold on white and blue on green. All of the Cradlephones feature 24 carat gold trim.

"Customers interested in seeing these attractive telephones are invited to visit our display in the lobby of our business office in Monrovia, or ask any of our employees for more details about pricing, installation, or colors of the new phones," Schull stated in conclusion.

This is a non-partisan service of the Sierra Madre Unit of the League of Women Voters. Please send your question to KNOW YOUR TOWN, BOX 674, SIERRA MADRE 91024.

Q: We find the noise from automobiles and motorcycles exceedingly distressing on our residential street. Does Sierra Madre have any type of noise ordinance regulating mufflers, the gunning of engines, etc.? Can speed limit signs be posted?

A: Sierra Madre has no motor vehicle noise ordinance. The California State Vehicle Code covers motor vehicle noise. It is stated in Section 27.150, "Every motor vehicle subject to registration shall at all times be equipped with an adequate muffler in constant operation and properly maintained to prevent any excessive noise and no muffler and exhaust system shall be equipped with cut-out, by-pass or similar device." Our Sierra Madre Police Department says that if a policeman feels that a motor vehicle is excessively noisy, he tags it. If the offender takes the citation to court, the judge can listen to the sound of the vehicle and make a judgment. Speed limit signs to help reduce noise may be posted. Our City Council may initiate such action, or action may be initiated by request of a citizen or citizens, recommendation of city staff or our Police Department.

Twenty-five miles per hour for residential streets is the stated speed limit in the California Motor Vehicle Code. However, if a city feels that this speed limit is not safe for certain streets, a lower speed limit may be posted. A person then cited for speeding on these streets may take his speeding ticket to court if he feels that he can prove he was driving at a reasonable and prudent speed. It would then be possible for the speeding citation to be dismissed.

Firefighters Assist Police

More people are fast coming to the realization that your Volunteer Firefighters, can do, and are more than willing to do, many other things besides fight fires.

Their latest achievement was an assist to our local Police Department, who had experienced a burglary in our Canyon area, with the culprit removing a color television set from the house, valued at around \$425, and disposing of it in the area.

After an unsuccessful search by two men of the Police Department, who were also doing routine police work, your Volunteer Firefighters were called into action.

Captain Burleson, Duty Officer of the weekend, was contacted and he secured five other volunteers. "The group laid out their maps and strategy and started the search at approximately 12 noon. Twenty-seven minutes later the set was found in a passageway covered by debris of the area.

It was very necessary that the Police Department find the set in the shortest length of time so it would contain the fingerprints of the mover, and before others may, or children might have discovered it and ruined the prints.

Your Volunteer Firefighters are the quickest source of manpower of the city, as many as 20 to 26 men can

Nat'l Fire Prevention Week Soon

Next week, October 5 through October 11, is National Fire Prevention Week. During the week, Sierra Madre's Volunteer Fire Department will conduct outside demonstrations in both the public schools and the parochial schools in Sierra Madre giving the boys and girls a first hand opportunity to see them at work. The highlight of the week will be on Saturday, October 11 when our Fire Department will hold an open house from 10 a.m. until 4 p.m. during which time the fire equipment will be on display for public inspection.

This year's National slogan for Fire Prevention Week, "Fire Hurts" was established by the National Fire Protection Association. Our own local slogan is: "Don't Give Fire A Place To Start." The choosing of "Fire Hurts" as a national slogan is understandable when one realizes that a yearly average of 6,500 lives are lost in fires in the home. Of this number, 2,100 are children, one-third of whom are alone or without proper supervision at the time of a fire emergency.

Money-wise, the yearly average loss is \$425 million worth of housing, furnishings and personal belongings all lost in some 612,000

Rummage Sale October 4 & 5

Trash and treasures to be offered at the forthcoming Sierra Madre Search and Rescue Benefit Rummage Sale, to be held Saturday and Sunday in Sierra Madre, will include everything from a muskrat coat and Japanese kimono to a pair of new oven hoods and a set of pressed glass, according to Mrs. Harry Enmark, chairman of the event.

New items are arriving daily by car and truckload from donors to the sale which will take place at 47 West Sierra Madre Blvd.,

Republicans To Hear Van Horn

Members of the East Pasadena-Sierra Madre Republican Women's Club, Fed., will hear World War II partisan fighter Michael Van Horn at their meeting on Thursday, October 9, at 10 a.m. in the Altadena Town and Country Club.

A native of Czechoslovakia, Van Horn joined underground fighters in sabotaging the German occupation while still in his teens. In 1948 he was forced to flee to America. He has just recently returned from a visit to his homeland which is once again in the midst of conflict — this time with Russia.

Mrs. Ted Segers, president, stated that luncheon reservations may be made by calling 798-1063 or 794-4281.

New Residents Past 30-Days

The following are new residents that have moved into the City of Sierra Madre in the past 30-days, also included are those families that have moved from one location to another during the past 30-days:

H. R. Shollenberger, 30 Rancho Rd.; Eugene S. Beggs, 475 E. Orange Grove Ave.; Eugene W. Van Keuren, 608 E. Sierra Madre Blvd.; Bill M. Adams, 438 E. Montecito Ave.; Rudy Campas, 662 Skyland Dr.; Christopher McGuire, 1125 E. Grandview Ave.; Mortimer G. Francis, 1910 Lillian Dr.; Eleanor Evans, 891 E. Grandview Ave.; Dan Warkentin, 568 Acaacia St.; Douglas A. Davis, 51-M Esperanza Ave.; F. H. Barnes, 46 W. Grandview Ave.; James B. Lesta Jr., 571 N. Hermosa Ave.; James A. Nelson, 144 S. Hermosa Ave.; Rolf Hoter, 641 Ramona Ave.; S. Ptasiński, 160 Holdman Ave.; Kenneth Kent, 445 E. Highland Ave.; William Opel, 645 Sturtevant Dr.; Samuel Gulkis, 1945 Vista Ave.; Rolf Fromme, 1115 Oakwood Pl.; Roger Towne, 557 Acaacia St.; Carolyn B. Carlson, 360 Mariposa Ave.; Audury A. Traynor, 67 Windsor Ln.; Richard Turietta, 297 W. Highland Ave.; William J. De Silva, 55 Olive Ave.; Dennis Ower, 21 W. Grandview Ave.; O. E. Browning, 460 Gatewood Terrace; Donald L. Lingeman, 615 Edgewood Dr.

Sierra Madre School Up For Repairs

The following was taken from the agenda of the Pasadena Unified School Board meeting for September 30:

There are presented herewith Preliminary Drawings for the Structural Rehabilitation of the Main Building at Sierra Madre Elementary School, 141 West Highland Avenue, Sierra Madre, California, as prepared by Ben L. Schmid, Structural Engineer.

The Engineer will submit his estimate of costs during the presentation to the Board of Education.

It is recommended that these Preliminary Drawings be approved by the Board of Education, and that the Architect be authorized to prepare Working Drawings and Specifications.

Counseling Services At High School

The counseling staff at Pasadena High School is happy to announce night counseling services.

The purpose of this service is to provide an opportunity for parents, who would not have any other time available, to have a personal conference with their son's (or daughter's) own counselor.

One week each month all counselors will be on duty from 7 to 9 p.m. in the Counselor's Office, Administration Building.

Three counselors, covering grades 10, 11 and 12, will be available on the following nights:

Monday, Oct. 13, students A-F, Barr, Lyons, O'Neill; Tuesday, Oct. 14, students G-M, Elgin, Ryan, Warren; Wednesday, Oct. 15, students N-Z, Simmons, Taylor, Webber.

Monday, Nov. 17, students G-M, Elgin, Ryan, Warren; Tuesday, Nov. 18, students N-Z, Simmons, Taylor, Webber; Wednesday, Nov. 19, students A-F, Barr, Lyons, O'Neill.

CHIEF OF POLICE Jim Zurcher and Sgt. John Samony start the weekly class for Eighth Graders at St. Rita's on the subject "Public Health and Safety." The new class will be held once a week on Fridays and will be available to two eighth grade classes and will be taught by Sgt. Samony.

SHOPPING CENTER COMING

Since all procedures as far as the City of Sierra Madre are concerned have been passed by the City Council and now become law, the area known as Roberts Market will soon come to pass and a new shopping center to be known as "Plaza Sierra Madre" will start taking shape.

Information has reached us that the necessary drawings are being opened, preliminary drawings are being completed and soon after the first of the new year stock will be removed from the existing building and the long process of rebuilding will commence.

In unofficial statements it is believed that it will take the Duckett-Wilson Development Company about 8

25th Anniversary, Oct. 5

Mama Pete's Nursery School To Celebrate

It all began in January 1944 following a long and serious illness for Charles Peterson. There was a knock on the door, Marjorie Peterson answered the door and found a young mother with a baby in her arms who said, "I will give you two dollars a day to care for my baby while I work." That was the origination of "Mama Pete" as Marjorie Peterson is now called by everyone.

The Petersons have two

children who are, a son Danny and a daughter Muriel. They were seven and four years old in 1944 and things were getting a little rough in the Peterson household with Daddy being ill for so long. Mama Pete did not hesitate one minute to consider whether or not she could manage three small children and an ill husband. All she said was "Oh boy! A baby in the house and money too." That was 25 years ago. Today the Petersons are known as Daddy Pete and Mama Pete by everyone in Sierra Madre. As Mama Pete says "Opportunity knocked! All I did was open the door and let it come in."

Going back to the beginning of our story, Mama Pete had taken a crash course at PCC in preparation of becoming a nursery school teacher in one of the State nursery schools that were being started during the second World War. She was unable to continue this work because she was needed at home. After taking this first baby into their home, it wasn't long before there were many more. Fathers were away at war, mothers were working in defense plants. During those war years children were cared for in three shifts a day, the same as the shifts at the defense plants. "I often wonder how I managed to keep them all straight in those days," Mama Pete remarked in thinking back.

By 1949 it looked as if this child care had grown into a lasting thing and was here to stay, so the Petersons built a school building in the rear of their home and "Mama Pete's

Sgt. Samony Is Instructor

Weekly Class For Eighth Graders At St. Rita's

Something new has been added in the curriculum at St. Rita's School this fall and that something new is a class in "Public Health and Safety."

The weekly class, available to only two 8th grade classes, is being taught by Sgt. John Samony of the Sierra Madre Police Department. Logical enough, since "Public Health and Safety" is the brainchild of Sgt. Samony and St. Rita's principal, Sister Corinne. This type course has been the enthusiastic idea of the two since last March and they have been working, developing and polishing all details of the study outline.

"Public Health and Safety," to give a general idea, will cover 1) The Police — History, Uniform, and Police Department; 2) The Law — Penal Code, Vehicle Code, Municipal Code and Business & Professional, and Juvenile; 3) The Courts —

U.S. Supreme, California Supreme, Superior, Juvenile, and Municipal; 4) Crimes — Defined, Types — Against Persons, Against Children, Against Property, Narcotics, and General; 5) Drivers Education — Rules of Road, and Driving.

The first class meetings took place Friday, September 19th and both sections were very satisfactory. Total number of 8th graders in the two classes is 70 and each class, held every Friday.

SPIDER GONE

Sierra Madre has lost her spider again. Sometime during the dark hours of the morning of Tuesday, September 30, more exactly between the hours of 11:40 and 12:45 vandals slipped into Memorial Park and removed our spider to a place unknown at this time.

We have talked with people in the area that state that they heard a clanking noise like cans on the concrete around 12:40 a.m., but Sgt. Robert Heasley says that the spider was there around 11:40 and at 12:45 it disappeared.

A thorough search of the outside area was held at the time and again in the daylight but, nothing has appeared. We now must notify the culprits that they have committed a "Felony" and when apprehended will

Music Club To Offer Cushions

Attractive red and white vinyl stadium cushions imprinted with a picture of the PHS Bulldog, and the motivating motto "Go Big Red" are available to PHS students, parents, boosters, and friends through the efforts of the PHS Instrumental Music Club, which is conducting the sale as one of its major fund raising activities.

Offering "over 322 cubic inches of comfort," the vinyl cushions measure 15 x 15 x 1 1/2, and feature a built-in handle for ease in carrying the light weight pillow to football games, basketball games, picnics, parades, concerts, etc. In addition to comfort, the cushions will provide protection to PHS fans against soiled or damp stadium benches, and can be cleaned easily with a damp cloth.

Cushion sales are currently being held each lunch hour in the campus quad area; and during most evening events at the high school.

The Instrumental Music Club is a group of parents and supporters of the PHS Band and Orchestra organized to financially underwrite and encourage the activities of the award winning musical aggregations.

To Build A New Road

City Council at its meeting of September 23 gave approval to the building of a new road to the city yards at a cost estimate of \$1500.

The old road became a part of the new Community Center and the temporary road that has been used is dirt and it is feared that during the rainy season emergency equipment may run into trouble with mud.

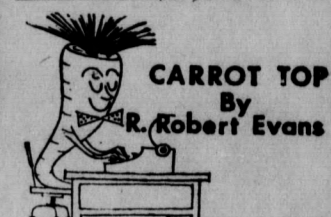

—Please turn to Page 12

COMMUNITY CENTER IS NOW OPEN

A very impressive dedication ceremony of the new Community Center was held this past Saturday as some 1500 citizens, throughout the day, had the opportunity to see what was in store for the teenagers as well as the adults of the community.

The dedication started off at 9:30 in the morning with a special Mayor's reception and the dedication was held at 10; the program of the day started at 11 and lasted until the end of the dance Saturday evening.

This is the biggest event — Please turn to Page 5

From where we sit it now seems, beyond a shadow of a doubt, that Roberts Market will soon go out of existence forever, this was made possible by the City Council giving the developer the "Green Light" at their meeting of September 17 when they granted the Variance for reduced parking spaces required.

—CT— This may be the starting of a chain of events that could see several businesses hit the trail of hasbeens, but this is the progress that everyone speaks about. It could well be the link in the chain that will be the revitalization of the business district; knowing the City of Sierra Madre, this we seriously doubt. We will not see any material change in the upgrading of the business district in the next five years, unless the City Council can see a way clear to bring in several million dollars in federal money to make the change.

—CT— It is pure hearsay and maybe predictions or speculation, but when Roberts Market goes out of existence we are fairly sure that with it will go the Wistaria Bakery. The Developers have promised the Council that they will make room for them in the new development, but as we understand the situation the rent on the available space is about three times what they are now paying, and the business will just not support the high rent of a shopping center.

—CT— Some Councilmen believe that some fairy God Mother is going to come down and build a new building for Wistaria Bakery. Just do not hold your breath on this one. Available land in the Commercial zone with any parking at all sure makes for a wild dream on this one.

—CT— Although the Council was apprised of this next remark; progress did not allow them to do anything other than the steps that they took.

—CT— As some of you may note, the past couple of weeks the advertisement of the Shopping Bag Grocery is no longer in the Sierra Madre News. This account was lost to "throw-aways and direct mail." This loss totaled \$10,000 in revenue.

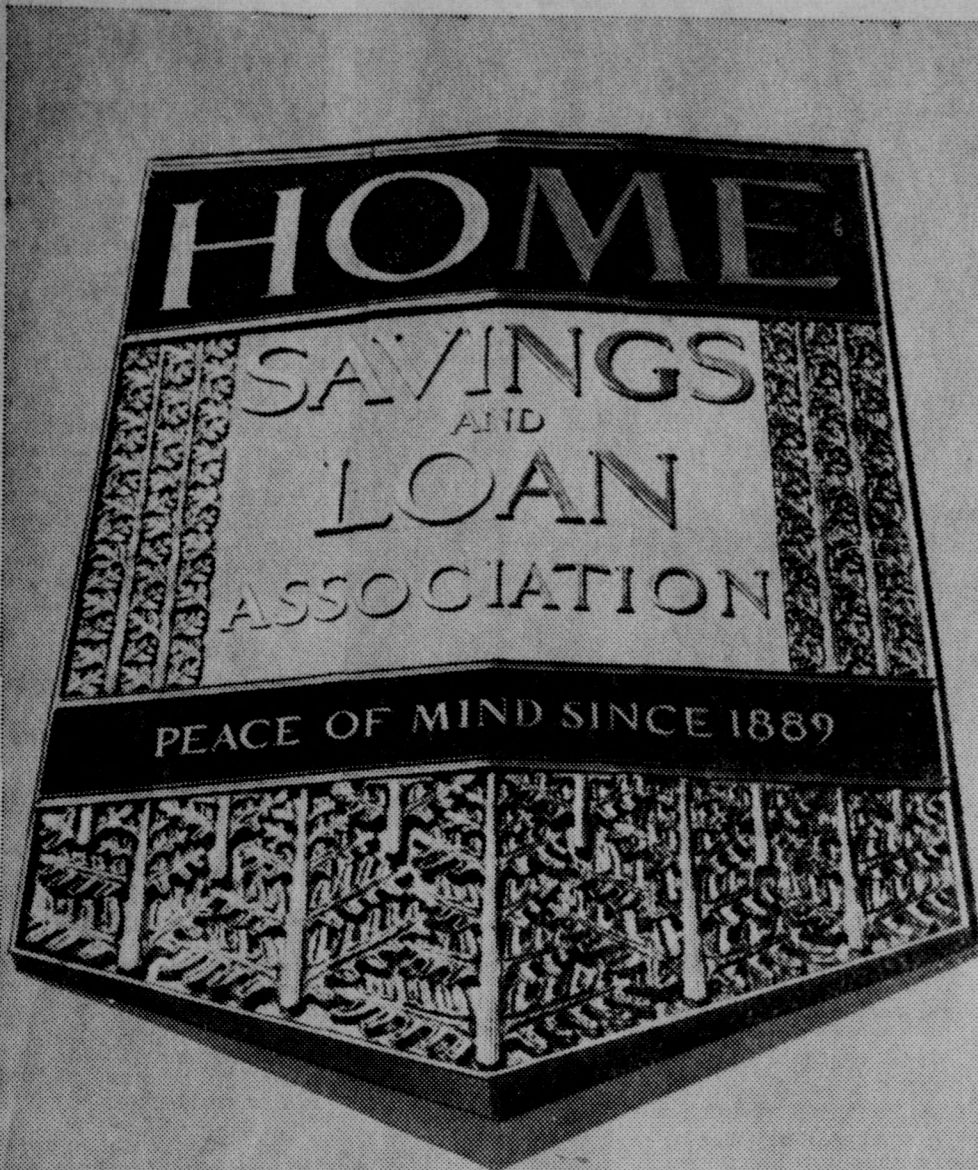

—CT— When Roberts Market ceases to exist this will be another \$10,000 loss to your newspaper; the two combined losses is definitely a loss that cannot allow the newspaper to exist. Sierra Madre will lose its newspaper of 63 years existence, but as the boys up front will tell you this is progress.

—CT— Now, some of them tell us that the new shopping center will be loads of business for your newspaper, and it will come too late to do any good. The period of six to eight months that the process of building will take, will send us down the river of no return.

—CT— As we gather the information, Roberts Market and Wistaria Bakery will be in business until around the first of the year; that is three months away, many things could happen in that three months; at the present time our hands are tied, all we can do is sit back and await the results. When the time comes we will not hesitate in closing the doors forever.

—CT— Right at the moment Sierra Madreans have much greater problems, and those problems come with the fall rains and more particularly the spring rains which sometimes have been known to reach a multitude of ten to fifteen inches in a day or

From the FIRE SIDE By One of the Boys

As far as your Volunteer Firefighters are concerned, many people see many things, some of the things they observe impress them very much, and this must have been the case with Robyn H. who evidently arises very early on Sunday morning.

Whether she be young, middle aged or old really makes no difference; the fact that she took time to compose a poem about Our Fire Department is ground enough for us to say thanks a million. The poem, entitled "Congratulations To Our Fire Department" is as follows:

On Sunday, September 14,
7:28½ A.M.
I noticed one of our fire
trucks
Northward bound on
Baldwin Avenue
With its new mascot. I
could just see
The whiskers blowing in
the breeze
Is it an Irish Setter?
— Robyn H.

Your little poem has called to the attention of the people of Sierra Madre the fact that your Volunteer Fire Department and its Firefighters never really rest when it comes to the safety of the people that they are pledged to protect.

Early Sunday morning, late Wednesday night and later on Friday nights, always drilling, practicing and learning, striving for perfection... this is the desire of your Volunteer Firefighters... No, Robyn, that was not an Irish Setter, that was Captain John B. cha, a man who works six full days a week from sometimes 5 o'clock in the morning until late at night and then comes out to help educate and train the younger Firefighters.

The reason that his whiskers were blowing in the breeze is that he just has not had the time to shave like normal Taxpayers. He is a busy man, but we are glad that you noticed it, the Chief will be happy that Captain John was doing his work well.

Fire Prevention Week is about upon us... October 5th to the 11th to be exact and your Fire Prevention Bureau is planning great things for that week. Spent on at the school on official demonstrations will be Monday, Tuesday, Wednesday and Friday by your Local Volunteer Firefighters and their equipment, and their competent men will make talks and explain the demonstrations, and Saturday, October 11, will be the big day when they will hold Open House at the City Hall, more commonly known as First Station No. 1.

During the day on Saturday all of the equipment of your Firefighters will be on display for all to look over. On hand throughout the day will be various teams of Firefighters who will endeavor to answer your questions relative to the equipment and the art of fire-

fighting.

The Firefighters give extreme and hearty thanks to Councilman Ralph R. Rule for his donation to the fund that the Firefighters use for their Fourth of July celebration and New Years Party.

Ralph is the one that thought up the bumper sticker "Support Your Local Spider." After he retrieved the original cost he donated the balance from the sale of the signs to the Firefighters fund. This amounted to around \$28... Thanks a million, Ralph, we need a lot more donations such as this, the "Cuss Can" has been in the red ever since the July 4th party.

It was with great pride that we listened to the Sierra Madre City Council draw a Resolution at their meeting of September 23 where in they thanked the Firefighters for their diligent and outstanding service on the brush fire of September 10. It pleases all of the Firefighters to be told that they are doing a good job; it is payment in full for their volunteer services to the City and to the Taxpayers.

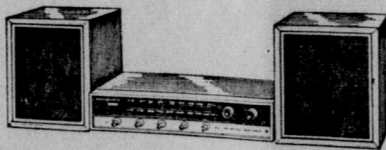

Bill Newbery is the department's official radio technician and is responsible for keeping the Pletron radios on the air... He missed the fire call on Sunday evening; we are just wondering if his radio was acting up and missed the signal... I have often heard that the cobbler's children go without shoes because the cobbler does not have time to make shoes for his own children... All radios go bad, even the radio technicians... Wanta bet.

I said to Captain Burleson the other day that the department should have set some kind of record in the fact that the last four alarms were "False Alarms" Man, oh man, you should have seen the man go completely out of his gird.

In case you do not know it a "False Alarm" is an alarm where there is no fire and is turned in by someone with malicious intent... I beg your pardon, Captain Burleson, what I should have said is: "The department must have made some kind of record in the fact that the last four Fire Alarms turned in had no evidence of fire, but then again one was smoke coming out of a chimney, one was dust, one was a fire in a fireplace and one was misunderstanding by the County dispatcher, and I have always said where there is smoke there is fire, so just to clear up the situation let us say that we had four fire alarms with no service needed by the citizens from your Firefighters... and if this confuses everyone, I am just plain sorry that I even mentioned the fact.

Trade at home! Support your local merchants!

While
They
Last

You and Your Neighbor

Maybe we should take up a hobby after all. Especially when it obviously turns out so well for people like Mr. Roy H. Pike of 1401 Oak Meadow Road. Of course he has unlimited talent and thoroughly enjoys his hobby, which is wood inlaying. He got started on this particular hobby some 12 years ago and chose it because he had always enjoyed working with wood. However, when Mr. Pike tried to find books dealing with the subject along with instructions, he came up against pretty much of a blank wall. Wood inlaying is a rather unusual art and not many people have taken it up. Consequently, Mr. Pike developed his own methods and styles. Apparently all has been most satisfactory — for both hobbyists and appreciative viewer. For ten years now, Roy has exhibited some of his work at the yearly Los Angeles County Fair. He presently has five entries at this year's fair... and the score is three First prizes and two seconds. Pretty darn good, huh? But listen to this, and this must be some kind of a record, during the past ten years Mr. Pike has exhibited a total of 50 entries and out of this amount only 4 did not receive ribbons, (prizes). That sounds like a hobby that has developed into a highly talented art.

It's always thrilling to hear about a surprise party that really turned out to be a complete surprise. It seems to give all concerned a warm feeling... the party giver, the party-goer, the honored guests and those who hear about it. Mr. and Mrs. Norman (Kathleen) McDonald of 227 So. Baldwin gave such a party for Mr. and Mrs. Frank (Cora) Bradshaw of Burbank, Norman's cousins, on his mother's side. For approximately a year Kathleen had been making plans and arrangements for a 50th Wedding Anniversary celebration for the couple. August 30th was the day of the successful event which was attended by more than 35 guests from places as far away as Hemet, Chatsworth and Sherman Oaks. The McDonald children were also able to be present for the party... Sam and Sonja McDonald of Pasadena and David and Mary McDonald of San Francisco. Dan McDonald who also lives in San Francisco area was able to attend and brought a friend, Miss Karen Webster. Gold and white color theme

prevailed at the afternoon open house affair. A delicious buffet supper was served to guests later in the afternoon. During the day the honored couple received many telephone calls, telegrams and flowers from well-wishers unable to attend because of distance or circumstances. Those at the open house presented Mr. and Mrs. Bradshaw with a money tree.

Six ways to saving with a purpose

The habit of saving often needs a stimulus. A trip around the world, education for our children, a cash reserve to ease the tax burden, an unworried time for loafing, extra funds for the holidays, maybe half a dozen other reasons. Whatever the reason, to stimulate your saving habit we offer six special passbook accounts: Travel, Education, Tax, Vacation, Christmas and All-Purpose. Let us tell you about them today.

Las Jardineras Garden Club Holds First Meeting Of Year, September 23

MRS. PAUL NURCHES
... New Proxy Las Jardineras

Mrs. Paul Nurches, the new president of Las Jardineras Garden Club of Lower Hastings Ranch, presided at her first meeting at the home of Mrs. Robert Riddle on Hampton Road with Mrs. Millard Davidson and Mrs. Walter Wilson, co-hostess, on Tuesday, September 23.

New board members who are serving with Mrs. Nurches this year are Mrs. A. G. Devirian vice president, Mrs. Charles McCurdy, recording secretary, Mrs. Charles Paddock, corresponding secretary, Mrs. Wayne Brannon, treasurer, and Mrs. Charles Haver, publicity chairman.

Guest speaker for the fall meeting was Mrs. Marguerite Shimmmin. Her program was titled "Do you feed your lush Garden Growth to the Worms?" Mrs. Shimmmin is a member of the Southern California Hand Weavers Conference, through the bobbin winders weaving Guild of the San Gabriel Valley. Her outstanding weaving led her into the hobby of raising silk worms. At the

interesting meeting she was able to spin silk with the help of the live silk worms and members were shown samples of pure silk. Her displays of worms have been at state weaving displays and at Conferences at San Francisco.

Mrs. Devirian, vice president, presented each member a beautiful Club Book for the 1969-70 year.

Invitations were received by members for the Las Jardineras Greek-Armenian Dinner Party to be held at the home of the Paul McGivens on Saturday evening, October 4. Serving on the fall party committee are Mr. and Mrs. Ted Will, party chairman, Mr. and Mrs. Mrs. Robert Gobrecht and Mr. and Mrs. Paul McGivens.

PTA Planning Fall Projects

Mrs. Walter Zaiss, president of the local PTA at Sierra Madre and Sierra Mesa Schools, announced they are planning their fall projects.

As a service and convenience to the children of these schools, the PTA will offer at nominal cost name tags which may be put on the children's clothing and rain articles. I.D. bracelets and chains will also be available for sale. At a later date there will be a Candy Apple Day and in December all grades will be given holiday parties under the auspices of the PTA. Christmas trees are donated to both schools and these trees are later given to worthy Sierra Madre families to enjoy.

The PTA here in Sierra Madre tries to cooperate and assist with not only our schools but other worthwhile organizations in Sierra Mesa cafeterium at 9:30 a.m. and everyone is welcome to attend. The next meeting is scheduled for October 8.

Camp Fire Girls' Mother-Daughter Pool Party

Now that summer is over, Blue Birds and Camp Fire Girls will get back into the "swim" of things when they attend a mother-daughter pool party to be held tomorrow evening, October 3.

The party will take place at the Sierra Madre pool between the hours of 7 and 9 p.m.

Any girls interested in joining Blue Birds or Camp Fire Girls are especially invited to come and bring their mothers to find out more about the Camp Fire Girls organization.

There will be door prizes for mothers and refreshments for all.

Plans for the evening have been made by Mrs. Walter Wesley, group organization chairman and her committee.

Representation of the Camp Fire Girls, an inter-related, cumulative program by which girls grow and learn to develop their identities, was made through a display at the Open House of the new Sierra Madre Recreation Center recently. On display were ceremonial gowns, totem poles, dioramas, pictures and many other items pertaining to Camp Fire.

Eaton Women

Holding the final of three Trophy Day Tournaments, the winners were:

A Flight, Nicky Riordan 83; B Flight, Marietta Ker-mode 92; C Flight, Betty McCann 96; D Flight Evelyn Swett 102.

602 E. WALNUT ST.
PASADENA, CALIF. 91101

Needlework Guild Ingathering Held

The Hastings Ranch Section of the Needlework Guild of America held its annual ingathering tea Thursday, September 25 at the home of Mrs. Victor Caffee in Pasadena.

Mrs. Alpheus Pruitt, director, was assisted during the year by Mrs. Frank Colet and Mrs. Robert Grube. Hostesses for the tea were Mrs. John Moe, Mrs. T. M. Gregory, Mrs. Morgan Ham-mers, Mrs. James Gittinger, Mrs. E. R. Ramaker, and Mrs. William Pace.

The garments and contributions received by the local group will be presented next month to the Pasadena District for distribution to residents and organizations in the San Gabriel Valley.

Members present were Mrs. Henry Asher, Mrs. Warren Cline, Mrs. Fred Carroll, Mrs. Tibbot Czik, Mrs. Cecil Davis, Mrs. W. J. Decherd, Mrs. Neal Fallon, Mrs. William Frey, Mrs. Max Goudge, Mrs. Howard Heim-bruch, Mrs. Edward Jenkins, Mrs. Raymond Lundgren, Mrs. Ed McKelvey, Mrs. Gordon Newhouse, Mrs. Donald Schneider, Mrs. Tom Walsh, Mrs. Clifford Voges, Mrs. Peter Tabahak, and Mrs. Brooks Thomas.

Fall and September mean back to school... And it's just that for the children of Rosemary and Robert C. Poolman of 310 San Gabriel Court. Bob Jr. has returned to UC at San Diego for his senior year where he is a History and Sociology major. Big brother Bob will be able to show Patti around San Diego as she will be entering her freshman year at San Diego State College. Youngest of the Poolman clan, Billy will be only one left at home to keep his parents company. He has just entered Wilson Jr. High.

Airman P. Lafkas Assigned SAC

Airman Phillip G. Lafkas, son of Mr. and Mrs. George Lafkas, of 601 Ramona, has graduated from a U.S. Air Force technical school at Sheppard AFB, Tex.

He was trained as an aircraft freight specialist and assigned to a unit of the Strategic Air Command at Vandenberg AFB, Calif.

The airman is a graduate of Pasadena High School.

An automobile tire is composed of nearly 100 different materials.

To Meet

The San Gabriel Valley Municipal Water District will hold their regular meeting October 1, at 8 p.m. in the new recreation building on East Sierra Madre Blvd. The District has scheduled an election for November 4 at which time the voters will decide the question of the District joining the Metropolitan Water District of Southern California. In addition to the regular business before the board, this question will be discussed and questions from the audience will be invited. It is hoped that as many residents as possible will attend this meeting as there are many important facts regarding the future of Sierra Madre's water supply and costs of water that will be presented at the meeting.

PERSONALS

KENNETH - George will be out of town October 5 till October 12. I will be available to discuss all the problems during that period. I do say we should settle this matter at this time and then forget it all - SARAH

TIMOTHY - Just beware of the dog, he is not particularly a friendly animal, but proceed as we discussed in the Market last Wednesday. The way is fairly safe - HARRIET

IRENE - Due to your position you must make the first move. You will be accepted and there will be a lot of fun and enjoyment in store for both of us. You have indicated acceptance, or were you just kidding - YOU KNOW WHO

TILLIE - Your sea-faring buddy will not return. I suggest that you let bygones be bygones and settle down to those things that are real and understandable. I am open for discussion on any matter connected with the problem - MAC

ITEM 3 - Be prepared to accept the facts as they have been presented; changes at this late date will do nothing more than cloud the issue - PARAGRAPH 2

FLARIDY - The old saying, "a stitch in time saves nine" could come under your jurisdiction, my slip may have shown, but don't let the ravel run the full length of your arm, just be at the meeting October 3 at 12 sharp - CAMBODIA

MINNIE - We may have lost the first round, but the game has just started; be at the ball park early this next time for prior instructions. Don't feel downhearted - MUCHO

B.E.D. - There is more to this caper than you expect. Your family does not come out of the bushes with clean skirts, suggest that you do a little coaching on the home front before you issue such drastic warnings. Your chickens may come home to roost early - EXPERT

SUPPORT YOUR SPIDER, and support your Fire Department. All future moneys derived from the bumper stickers goes to the "party fund" of the volunteer firefighters. About 40 signs left at the Sierra Madre News Office RRR

ACE-IN-THE-HOLE - Wear shoes? Heaven help us, next you will be telling us to "cut our hair" what in the world is happening to our Freedoms. Seems that we must sneak around like a bunch of hoodlums to have a little fun. Things seem cooler now, how about the old Swimming Hole at midnight. I have a new plan - CUT THROAT

CLAMITY - You know that I have always been sold on "Live and Let Live" and that could be the problem today. Straighten up lass or the coming rains will wash you away and sink you deep in the mire JACK OF DIAMONDS

EVERY make electric carpet shampooer does a better job with famous Blue Lustre, ask about it today at Arnold's Hardware and Gift Store, 297 West Sierra Madre Blvd. Telephone 355-3365 and always ask for BOB

QUERY OF THE WEEK - Who in his right mind would borrow money to buy property to build a city hall knowing the taxpayers would not vote for it on a ballot. Everybody get ready - here comes another sneaky one! When are we going to do something about it? - LET'S CLEAN UP

On City Property a swimming pool and deck which encroaches 6 feet into city property, building permit issued in 1961.

1805 Oak View Lane, frame carport and storage area encroaches 6.7 feet into city property, permit given 1967.

The City Attorney instructed the City Administrator to contact the parties to either buy, lease or remove the encroachment.

Spider Gone

have to suffer the consequences. The spider has been listed at a value of \$3,500 and felonies start at \$2,000.

Should this be a prank of some unknown person, they are in deep and serious trouble, and it is advised that they come forward and give themselves up and hope for leniency.

Women's Club To Hold Luncheon

"Face Value" and other personality factors will be presented to the Sierra Madre Women's Club on their October 8 luncheon program.

Presenting "Face Value" will be Margaret Roehr, a guest speaker, a member of the Phoenix Consulting Associates, an author and lecturer. She was a former staff instructor for Interstate College of Personality. She specialized in career planning and personal effectiveness.

The regular business meeting will precede the luncheon at 11 a.m. Mrs. Flora Anderson and her committee will be in charge of the luncheon.

The Women's Club membership tea was held September 24 at the club house. There were 65 members and their guests present, including eight new members. Mrs. Henry Wade Sr., president, was in charge. Mrs. H. Myers was program chairman. Mrs. Willi a Maxwell and Miss Clara Sykes poured.

Shop with your local merchant, he will always treat you right and be available to help you.

TEENS

By Debbi Anderson and Carol Hathaway

Our Community Recreation Center dedication was last Saturday and it was a big success. The Teen Club had an information booth from which we told people about our organization. Saturday night there was a dance for people between the ages of 13 and 113 years. We also gave guided tours. The Community Center is such a neat building.

Our last Teen Club meeting was Tuesday, September 30 at the Center. It was our first meeting of the new Center.

Don't forget our second dance of the year will be this Saturday at 7:30 until 11:30 p.m. at the Community Recreation Center. We are also having Teen Drop-In on Mondays, Wednesdays and Fridays from 3 until 5 p.m. and on Tuesdays and Thursdays from 7 until 10 p.m. Come and have fun with ping-pong, pool or just visiting.

If there are any questions, suggestions or comments then write to: Debbi, care of Sierra Madre News, Sierra Madre, Chow.

What a wonderful birthday present for Mrs. Guy (Lillian) Rossi, whose day was September 14. The wonderful present party was having her son Daryl arrive home from Vietnam. The good news did not just stop there... seems Daryl received his service discharge nine months earlier than expected because of his one year of combat in Vietnam. Now a civilian, Daryl is just sort of getting used to the new feeling of freedom... playing a little golf, seeing friends and maybe in January return to school. Even though it wasn't Guy's birthday, he shared in the appreciation of such a wonderful gift... that of having their son home safe and sound. Welcome home, Daryl, and our best wishes Oh yes, late birthday greetings to Lillian!

Shopping Center Coming To Sierra Madre Center Open

months to complete the center and be ready to open the Alpha Beta Market and smaller stores along with Bank of America, so by this date next year everything should be completed and business flourishing on the corner of Baldwin and Sierra Madre Boulevard.

It is believed by many, that this will be the first step in a major change for the better in the business district. At the present time

the City Council has given instructions to gather information for a study of the business district and the securing of money for plans and specifications of a "Master Plan" for the future progress of the city for the years ahead. It is believed that the first chapter in a new history for Sierra Madre has now been written and now the move is on for the next in a long chain of events.

to happen in our city for many a year. Due to executives of the city rushing to San Francisco for a state convention it was impossible for this newspaper to secure pictures of the ceremony; this we hope to do in the next week, so that those who did not have the opportunity to attend may do so by picture.

Black cars have more accidents than any other cars.

Counseling

Monday, Dec. 8, students N-Z, Simmons, Taylor, Webster; Tuesday, Dec. 9, students A-F, Barr, Lyons, O'Neill; Wednesday, Dec. 10, students G-M, Elgin, Ryan, Warren.

Counseling high school students, both at home and at school, presents a special challenge in these times. The counselors look forward to seeing you.

BOB GOBRECHT SAYS: I don't want to toot my own horn, but... this is to be the best!

PASADENA'S LARGEST AND FINEST LAUNDRY AND CLEANING PLANT

Know the Food You Eat

They are grown in America and in China today. The plants grow 12 to 18 inches tall and have two sets of flowers, yellow showy pea-like flowers which are sterile and fertile flowers growing inconspicuously in the lower leaf axils. After the flowers are fertilized they send out peduncles which bend over to bury their tips in the soil. The peanuts, which are the seeds, form underground. The peanut is grown commercially in the United States from Virginia to the Gulf States, Texas and Oklahoma. The pods are used as a vegetable or in soups and meat dishes. Young but fully developed seed may be shelled and cooked like peas. Dried seeds may be used as a coffee substitute. The pods are sometimes dried and used as flavoring for soups or are pickled.

Now that we are coming into the fall and winter seasons we begin to think of a bowl of hot soup, with our sandwich. On the medieval table, soup was merely the by-product of stewed meat served in its own broth. Later, vegetables and herbs were used in the broth. But

by the 18th century they were sacrificed for bouillonna and consomme. The bouillon cube or the "Portable Soup" as it was first known was originated by a Mr. Henderson of England. The marrow-bone broth was cooked down to a jelly and dried in the sun until it was hard.

The word "restaurant" was added to the language in 1765 when a French tavern keeper set a precedent by selling a choice of hot soups or restaurants (restoratives) instead of a fixed meal served by the French inns of the day. The idea and name caught on and by 1794 Paris was peppered with restaurants.

Indian tribes today still retain their tribal witch doctors.

The bristlecone pines are among the oldest living trees. Some of these twisted old trees, found in California's White Mountains, are estimated to be 4,000 years old.

Every 19 seconds a man, woman, or child is injured in a traffic accident.

Out of the Cobwebs

Sixty Years Ago:
September 24, 1909

Acting under instructions from the city trustees City Clerk Madden recently acquired an option on a lot 62 x 125 at the corner of Central Avenue and Windsor Lane, on the west side of the latter. The option has been assigned to the city. The price is about \$30 a foot. This will be paid out of the general funds, the amount having been figured into the budget when the tax rate was fixed at 80 cents. It was the ultimate purpose in buying the lot to use it for a city hall site. No decision has been reached whether to proceed in the near future with the building of a city hall or to defer that for two or three years. But a storage yard was needed for city property and some sort of quarters must be provided for housing the apparatus of the volunteer fire department.

A gentle drizzling rain began falling last night and indications this morning pointed to considerable

precipitation. It was far more agreeable than the storm of just a year previous. Remember that hail storm? It was just a year ago last night. It certainly took everyone by surprise. And when the crowd at the Council meeting last night was reminded of the anniversary fervent hopes were expressed that we be spared a repetition of the event.

During the week the editor of the News has received a postcard and note of greeting from his genial friend, Tom L. Dwyer, now a knight of the grip in the Lone Star state. With the note was enclosed a newspaper clipping under New York date line, as follows: Gutzon Borglum, the well-known sculptor, is suffering with three broken ribs. While picking berries near his studio at South Norwalk, Conn., yesterday, he fell from a stone wall and sustained the injuries. It will be several weeks before he is able to resume work upon the statue he is executing for the government.

W. H. Coulter, a wealthy sheep owner of Flagstaff, Arizona, is a guest at the home of Mr. and Mrs. J. C. Ragsdale this week.

Mr. and Mrs. A. S. Mead have moved into their new home on Laurel Avenue. Mr. and Mrs. E. N. Mead are now at home in their bungalow on lower Baldwin.

Forty Years Ago:
September 27, 1929

Mr. and Mrs. William Murphy of Hoegge's Camp were in the city Tuesday attending to business matters and visiting friends. Mr. Murphy states that surveyors working on a road thru the Big Santa Anita Canyon are making satisfactory progress. He believes that the road to Winter-Creek public camp will be started in the not too distant future, one indication that work is to start soon being found in the fact that the surveyors are "spotting" the cabins that will have to be removed to make way for

General Telephone Hosts

Chief Operators Honored At Visitors' Day

CHIEFS — Dee Kirste, Allstate chief operator, listens to the time-of-day message while Margaret Carlson, Electro-Optical Systems chief operator waits her turn. Jim McCann, equipment maintenance foreman for General Telephone, demonstrated the equipment during a "visitors' day" tour of General's Monrovia division facilities.

Too often the chief operator in a large company is the "forgotten woman." Yet she continues to be a key individual in the smooth operation of the company.

She is also very important with the complexity of the equipment and expressed an appreciation for the "inside look" of General Telephone.

They were also amazed at the thoroughness of the training given operators today, compared with the training they received when beginning their careers.

Hosting the guests were Bob Haber, area traffic administrator, Audrey Watters, acting chief operator, Renee Joyce, traffic supervisor, and Jean Lewis, communications service advisor.

Visitors Day began with a tour of the equipment

switching office, followed by a look at the traffic office, and then with special refreshments from the traffic lounge.

The ladies were impressed with the complexity of the equipment and expressed an appreciation for the "inside look" of General Telephone.

"We were very pleased with the results of Visitors Day and we plan to schedule similar events in the future," Haber said.

Early to bed, early to rise — helps make a man a safe driver. Fatigue is a top highway killer according to the Institute for Safer Living. It's a leading reason why more people are injured or killed during late afternoon or evening hours than any other time of day.

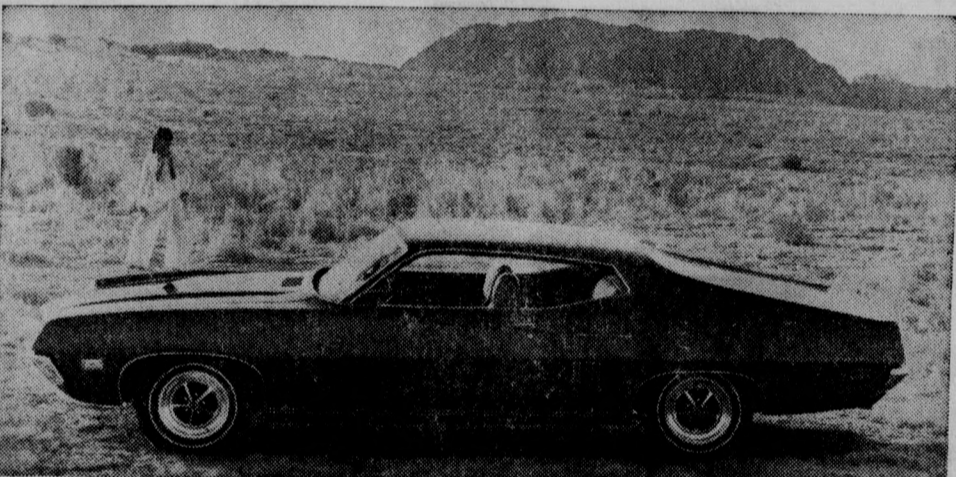

THEY'RE HERE IN ALL THEIR GLORY . . . The Ford For 1970

Mustang gallops into 1970 with design changes and improvements for performance, comfort, convenience and safety. Grande (top) offers a standard three-quarter Landau-style vinyl roof, dual body side stripes, aluminum rocker panel moldings, and houndstooth upholstery. Mach I (bottom) is tougher in looks and performance with dark-accented aluminum rocker panel moldings, "honeycomb" lower back panel applique, dual racing mirrors and Ford's new 351 four-barrel V-8 as the standard power plant. All seven Mustang models have high-back bucket seats as standard.

Maverick, the most successful new car ever introduced, offers good fuel economy, low purchase price, easy serviceability and smart design. Ford's "simple machine"—introduced in April as a 1970 model—surpassed the introductory sales records previously set by its older brother, Mustang.

Torino is completely new for 1970 with 13 models offering from hot performance to elegant luxury. For the first time, a four-door hardtop is offered in the Ford Division intermediate line. The four-door hardtop is available in the Torino and Torino Brougham (top) series. The Torino GT SportsRoof (bottom) is available with seven engines from the standard 302 V-8 to the red hot 429 Cobra Jet V-8.

Thunderbird for 1970 presents a bold new look, highlighted by a dramatic front end design. All models feature a longer, lower hood and three section extruded aluminum grille for a more formal appearance. Included in the Special Brougham option group, shown here on the Thunderbird two-door Landau, are such features as grille lamps, color-keyed wheel covers and high-back bucket seats. Thunderbirds also have hidden windshield wipers and hidden radio antennas to emphasize the clean design.

Pick up your tame telephone and order a wild one.

Call up somebody about fixing the backyard fence on one of these phones and you'll feel like you're ordering more swans for the moat.

You can have any one of them for a \$5.00 premium charge plus \$1.50 to \$2 a month depending on which one you pick. (That's in addition to the regular installation charges and monthly rates for your phone.)

Call your General Telephone business office to see if crazy new extension phones are available in your area yet.

They're bound to be conversation pieces.

General Telephone

1. Grecian cameo cradlephone. 2. Chestphone. 3. Antique white cradlephone. 4. Mediterranean cradlephone.
Wild extension telephones available for single party service on phone numbers beginning with 351, 355, 356, 357, 358, 359.

Co. Firefighting Warehouse Plans Given Approval

County Fire Department's new Pacoima warehouse was approved last week in the final plans stage, announced Supervisor Warren M. Dorn.

The project will be advertised for construction bids later this week, according to Dorn.

Construction of the facility is planned at 12605 Osborne Avenue.

Firefighting supplies and equipment will be stocked at the warehouse for use in emergencies in the nearby San Gabriel Mountains.

Bids for the project will be opened October 15 by County Engineer John A. Lambie. Work is scheduled to begin in December and the warehouse should be completed by the fall of 1970.

Plans call for construction of a multi-use building housing approximately 18,350 square feet of floor area, said Dorn.

Sierra Madre Road Funds Allocated

County Supervisors have approved allocation of \$15,202 to assist the City of Sierra Madre in maintaining the City's Select System of Streets during the remainder of the 1969-70 fiscal year, Supervisor Warren Dorn announced today.

The allocation is a portion of the funds currently budgeted by the Board of Supervisors to assist the 77 cities in the County of Los Angeles in construction and maintenance of city streets, which are of general county interest.

The Board of Supervisors of Los Angeles County is one of the few in the State that provides financial assistance to cities from its Gas Tax fund. In fact, funds allocated to cities represent over half of the total County highway construction budget.

Car seat belts are that life insurance that no driver or passenger can afford to be without.

Drug Abuse Pamphlet Ready

A new pamphlet called "Drug Abuse" has been prepared by the State of California and is available for distribution to the public.

The eight-page pamphlet answers such questions as "What is hard-core drug addiction?" and "What do doctors consider one of today's major drug abuse problems?"

The pamphlet was prepared by the California Authority and California Delinquency Prevention Commission in cooperation with the California Congress of Parents and Teachers and the California Medical Association.

Single copies may be obtained without charge by writing to the Division of Community Services, California Youth Authority, 714 P St., Sacramento, California 95814. Bulk orders are \$3 per 100, plus tax, and should be ordered from the State of California Documents Section, P.O. Box 20191, Sacramento, California 95814.

Shop with your local merchant, he will always treat you right and be available to help you.

A Prepaid Transit Era

Rapid Transit Starts Exact Fare Program, October 12

The Southern California Rapid Transit District today scheduled October 12 for the inauguration of an Exact Fare program and a new era of more convenient pre-commuters.

Bus operators on RTD lines in Los Angeles, Orange, Riverside and San Bernardino Counties will no longer carry cash and provide change with the commencement of Exact Fare.

Elimination of bus robberies and improve schedule performance also were forecast as Transit District officials paid tribute to the public service efforts of the major banks and area business firms participating in the sale of Exact Fare tokens.

RTD officials told a press conference in Los Angeles that the benefits of Exact Fare to the more than 200 communities served by the District in the four-county area.

Kermit M. Bill, RTD president; Samuel B. Nelson, the District's general manager; and Kenneth R. Moore, general chairman of the United Transportation Union, stressed the importance of relieving bus operators of cash-carrying and money-handling responsibilities.

They were joined at the press conference by officials of Bank of America, Security Pacific National Bank, Union Bank and Sav-On Drug Stores, the major groups offering tokens for sale as a public service.

"We are concerned for the safety of our bus drivers, serving Southern California around the clock," Bill said, adding:

"And we, naturally, want to initiate programs which will protect the operators and, at the same time, contribute to the improved efficiency of our public transportation system."

Observing that the need to make change has often delayed bus drives, Nelson said a greater on-time schedule record can be expected with the commencement of Exact Fare and its prepaid payment plans.

Realizing that there will be some inconveniences during the Exact Fare inauguration period, Nelson said, we are hopeful they will be held to a minimum and eliminated as rapidly as possible.

The use of prepaid transportation in the form of tokens, monthly passes and tickets, or the required money, will expedite passenger trips considerably, Nelson noted.

And he said that with operators no longer carrying cash for change, and locked fare boxes on every bus, the incentive for public transit holdups will be eliminated immediately.

In fact, he noted, in most cities of the nation where Exact Fare is in operation, bus robberies are practically non-existent.

Such cities as Oakland, San Francisco, San Diego, Washington, D.C., Seattle, Pittsburgh, Philadelphia, Baltimore and Cleveland have had outstanding results with Exact Fare programs, it was noted.

"Furthermore," Nelson added, "the continued use of two-way radios and silent alarms will further serve as deterrents for anyone bent on crime aboard the buses. The radios will remain as an aid in advising bus drivers on traffic tie-ups and will serve as an asset in enabling transit operators to alert public agencies of emergencies."

The District, beginning September 25, will issue four new versions of its monthly bus pass, further increasing cash savings for regular transit riders. The expanded pass program permits reduced rate riding from one to five zones. The cost of single zone monthly passes for regular riders will remain \$12 and

Know THE FOOD You Eat

by JEANNETTE

EDITOR'S NOTE: When her children were young and full of questions, Jeannette Healey found herself looking up the why foods of the food her children ate and asked questions about. She would write them down and after explaining them to the satisfaction of her children, filed them away for future questions. Now that her children are grown, she extracted them from the Healey Archives and is sharing them with you in a weekly column.

In our busy lives today we somehow forget about eating lunch, so someplace along the line we grab a sandwich. Also now with school in session Mom is building sandwiches for Junior to carry off with him each morning.

The sandwich is a very ancient innovation. In medieval times bread was not only the food, but the platter as well. Hunks of meat were hacked from the joint and were eaten on thick slabs of bread. Bread was wrapped around food in parts of the world as far apart in culture or customs as Mexico and Persia long before the sandwich name gave the sandwich its name.

A renowned British politician, John Montague, the Fourth Earl of Sandwich, was so fond of gambling that he often neglected his lunch. He usually boiled a piece of meat between slices of bread to sustain himself at the poker table. Hence the "sandwich" was born.

The favorite sandwich of young and old alike seems to be the hamburger. The name for this sandwich is derived from Hamburg, Germany, where shredded raw meat, that we know as steak tartare, was popular. It was at the International Exposition in St. Louis in 1904 that the hamburger was first served on a bun.

Another favorite, the hot dog, came to America from Frankfurt, Germany. It was also introduced in St. Louis.

'Must - Do'

The 91st Congress, which hemmed and hawed through its first eight months with little perceptible result, faced a veritable mountain of "must-do" business when it returned from a three-week summer vacation.

If the Congress is to achieve any success — as measured by the performance yardstick — the hours are going to be long and hard before recess. Controversy will be rife. But so will be the opportunity to build a record of lasting quality.

In eight months, Congress compiled what the Congressional Quarterly called "a rather sparse record." However, committee hearings and presidential messages, which themselves were slow in coming from the White House, sketch the outline for important and interesting action.

President Nixon, following the go-slow principle he outlined during his campaign, waited until midsummer to unfold his program. In recent weeks he sent Congress programs for welfare overhaul, federal aid to mass transit, sharing of federal revenues with state and local governments, expansion of unemployment insurance coverage and reorganization of the Interstate Commerce Commission.

These subjects must be faced. But there are many, many more:

Reform of the postal system, extension of farm and anti-poverty programs, plans to combat organized crime, selective service reform, electoral college revision, water pollution control and consumer protection measures. The Senate also has the nomination of Judge Clement F. Haynsworth Jr. to succeed Abe Fortas as an associate justice of the Supreme Court.

And then there are two more — the Anti-Ballistic Missile system and tax reform.

The ABM controversy, perhaps the hottest of the session, has not been resolved by any means. The House must approve it and the Senate will see it again and again as it takes up appropriations. The ABM opens the door to wider, and more deep-seated splits on the entire matter of military spending. The Pentagon, once the most sacrosanct of all government establishments, has become fair game to many members of the Democratic controlled Congress.

Tax reform could be the key to historical evaluation of the 91st Congress — and to many election hopes. The House rushed through a bill revising tax exemptions and setting up new tax standards for many industries and for individuals. The House-passed measure has brought both applause and criticism but the bill's future in the Senate certainly will be the focus of wide attention.

For the consumer, there is a wide array of prospects. One is the proposal by California Senator George Murphy to protect the flow of food from farm to market while establishing guidelines for collective bargaining in agriculture.

The Congress has its work cut out for it.

Space Gift -- A Better Life

While the emotional and fiscal impact of Apollo 11 lingers with us, in varying effects, there is growing consideration of the tremendous non-astronomical benefits many of us have and will continue to receive because of man's need to explore his universe.

Gordon L. Ness, president of Ness Industries of Palo Alto, for example, calls the \$24 billion feat "unquestionably worth it (in) the national necessity, psychologically, to be a leader." We can't, however, stop there, he says. We can't separate that gain from the space program's contribution to a better way of life through fallout, or spin-off, already injected into our economy and still to come.

That fallout ranges from the teflon that makes our frying pan non-stick, to the remarkable and life-saving pacesetter — a highly miniaturized electronic device that can be implanted in the human body to keep the heart beating.

Like so many of the space program's side benefits, those derive from the need for extreme miniaturization and reliability. And the billions spent in their development will quickly bring civilian applications of the new discoveries into the low-price field.

What of the future? We will soon be a "wired community," Ness predicts. "We already have such a community being built near Orlando, Fla., where 20,000 homes are being wired with computer terminals that will bring in television and be a link to the doctor, the bank, credit systems, all sorts of things."

"You can see what a push the Apollo project gave the electronics revolution. It was just as much a revolution as was steam," Ness notes. To which Dr. William B. Hugle, head of Hugle Industries of Sunnyvale, offers a final thought: "Without Apollo, we'd probably have gotten this far eventually — maybe in 30 years or more . . . instead of a half-dozen."

A giant leap.

School the Year 'Round

More than 600 school districts across our country today are looking for ways to relieve the pressure on their overcrowded facilities while, at the same time, improving educational opportunities for thousands. The task is awesome.

The answer may lie in an experiment being conducted in Atlanta involving a four-quarter plan for year-round schooling. This flexible scheme will allow its students to choose any quarter they like for their vacation. Or a student can attend school all year without interruption.

Dr. John W. Letson, superintendent of schools, makes a strong point for the plan. "It doesn't make sense," he says, "to close down schools in the summer-time when there is such a need for education. What's the logic of turning 120,000 students into the streets all at the same time? There are thousands of kids who want a better education. There are thousands of teachers who need and want full-time employment."

One especially beneficial facet of Atlanta's experiment is that it will help dropouts ease back into school during the more casual summer quarter, when teachers can take more time to work with them. Needy students can hold part-time jobs all year, attend school part time and still meet graduation requirements. In addition, for teachers the new system means that they can earn higher pay if they desire to teach the entire four quarters. This added incentive has had so many teachers teaching the full year, that there has been little need to hire additional help.

Money is a serious factor, of course, as Atlanta found to the extent of an extra 1.2 million dollars. But the plan's potential merits would seem well worth the cost . . . and certainly well worth the careful study of other school districts.

SENSING THE NEWS

AROUND THE U. S. CAPITOL

The biggest "tax shelter" in the land is owned by the monopoly unions. This fact should be brought home to every working, taxpaying citizen of the United States. Big Unionism shouldn't be allowed to get away with pretending that it is sincerely interested in closing loopholes in the nation's tax laws.

The union chiefs hope to trick the taxpayers into believing that they are "on the side of the angels" insofar as tax reform is concerned. This was made clear as soon as the House of Representatives revealed the Tax Reform Bill of 1969. One of the provisions of the bill is that it applies a 100 per cent tax rate to any private foundation that uses its money "to carry out propaganda or otherwise attempt to influence legislation" and "to influence the outcome of any public election including voter registration drives."

No sooner had the Committee's stand been disclosed than the AFL-CIO Executive Council urged the Senate to "improve and strengthen" the bill and "guard against attempts by lobbyists to preserve and widen their special interest loopholes."

Now, that's on a par with a mouse hoping that a housewife will lock up the cheese and buy two or three mouse-hunting cats. No organization in American society is more interested in loopholes in the tax law than the unions. If they didn't have access to the loopholes, they would be out of business as political manipulators — and they know it. Yet the AFL-CIO Executive Council brazenly pretends that it is opposed to special interest loopholes.

Anyone familiar with the workings of politics at the state or national level knows that the unions use tax-free dollars, collected under compulsion, to suit their political purposes.

The big stick that unions use to achieve their political goals is the money they spend for the election of candidates they favor and the promotion of legislation that aids their efforts. A business firm has no tax-exempt outlet to aid candidates or promote a specific bill. Any money a business gives to support the enterprise system is money that is taxed. Yet a labor union has free rein to spend tax-exempt dollars as it wishes, disrupting industries and communities and engineering the election of pro-union candidates.

Tax-exempt union properties are a privileged sanctuary in American life. Unions own or control apartment houses, banks, and myriad other properties. The banks controlled by unions can offer cut-rate loans to politicians — a particularly vicious way of influencing legislation. It has been estimated that unions derive approximately \$1.5 billion annually from their business ventures and untaxed investments. The untaxed profits from these enterprises are used to promote partisan causes and campaigns.

The outrage represented by this privileged sanctuary is compounded by the fact that it is a form of wealth built on slave labor — the unwilling contributions of union members — that is. Great numbers of Americans don't want to join a union, but in many cases they have no choice. The unions take the position that they "own" jobs, and if a man wants to get on a business

payroll or stay on it, he has to join the union. In many unionized industries, the Union worker lives with real physical fear. If he were to oppose the union leadership, he would be beaten up or worse. It is a fact to say that tremendous amounts in union dues are extracted by threat of force.

Up to now Congress has closed its eyes to the coercion basic to Big Unionism — to the intimidation of workers who don't want their dollars to be spent supporting candidates they oppose. The time is long overdue when Congress starts paying attention to the "civil rights" of union members who are victims of ruthless, power-hungry union bosses. It's also time that unions be compelled to pay taxes on their investments, just as everyone else has to do.

Finally, it is time for the nation's lawmakers to insist that unions be barred from spending money on political campaign through the agency of tax-exempt "educational" funds. The biggest loophole in the state law is the loophole that permits unions to operate as a state within a state, as agencies of special privilege.

The Senate Finance Committee has an obligation to all the citizens to remedy these wrongs and to eliminate tax exemptions that enable unions to engage in political activity at the cost of the taxpayers.

Cobwebs

the road. When the road is finally completed it will mean a heavily increased traffic through this city, the natural gateway to the mountain resorts in the Big Santa Anita Canyon.

Jimmie Dingman, son of Mrs. E. Dingman, formerly of Sierra Madre left last week for Menlo prep school, which is preparatory to Stanford.

Mr. and Mrs. Fred W. Richter of 39 Victoria Lane are the parents of a baby boy, Walter Arthur, born September 18, at Dr. Groth's Maternity Hospital.

Mrs. W. J. Schiltz spent last weekend as the guest of Mrs. Lindley Eddy at Sequoia National Park, where Mr. Schiltz is at work erecting a government building.

Ten Years Ago:
September 24, 1959
A gunman held up the Club 60 Liquor Store here late last Sunday night, threatened to shoot the clerk, but escaped with only six bottles of vodka.

The Fox Barber Shop will open in its new location at 52 W. Sierra Madre Blvd. on Thursday, October 1. Ira Fox, the owner, announced yesterday. Mr. Fox has been in business here for the past 11 years.

The perennial Sierra Madre Cemetery problem — Who's going to take care of it? — may be solved, at least for the next year, thanks to the local VFW and its auxiliary.

A warm housing for Midge Parker in her new Fairview home Saturday night. Friendly gifts included a tin of quail eggs and a box of chocolate-covered baby bees (delicious!)

Education Sunday At Faith Lutheran

Christian Education Emphasis Sunday will be observed in the 10:30 Sunday morning worship service at Faith Lutheran Church, 845 Hastings Ranch Drive. Rev. Armin Hesse's pulpit message will be entitled "Hitting the Nail on the Head," centering on the words in St. Matthew 22:34-40.

During this service the Sunday School and Children's Midweek School teaching staffs will be publicly installed. Also a group of communicant members will be publicly received before the altar by transfers of membership.

In the 9:15 Sunday School and Bible Class hour, rally day will be observed, introducing the new year of studies. The event will feature the enrollment of new pupils and the promotion of classes under the direction of Mr. Jerry Nielsen.

Meeting in the sanctuary at 9:15, the Adult Bible Class will begin a three-month study of the Book of Jeremiah under the leadership of Dr. Donald Garner. On Thursday evening at 8, the pastor will begin another Adult Church Membership Study Class intended primarily to acquaint non-members with the teachings and practices of the church. The class, which will meet weekly, is open to all inquirers.

Scheduled also for next week: Junior Choir on Tuesday at 7:30; Junior Instruction Classes for grades 7 & 8 on Wednesday at 4; Midweek Bible Hour on Wednesday at 7:30, beginning a series of studies on "The Development, Emphasis and Customs of the Church Year"; Children's Midweek School for Grades 1 through 6 on Thursday afternoon at 4; the Board of Fiscal Affairs on Wednesday at 8:30; and Senior Choir rehearsal on Thursday at 8.

The bristlecone pines are among the oldest living trees. Some of these twisted old trees, found in California's White Mountains, are estimated to be 4,000 years old.

Letters To the Editor . . .

The following letter is published by personnel of the Roberts Market to show that certain remarks made at the Council meeting of September 17, were taken out of context. The black face type in this letter is what was stated, nothing further.

Coldwell, Banker & Co., 533 Permont Ave., Los Angeles, Calif. 90017
Attention: Mr. Lloyd Barnes
Re: Roberts Market to Duckett-Wilson

Dear Mr. Barnes: Mrs. Roberts wants me to write to you and advise you that she is standing by for final city approval on the zoning and variance at

which time she will proceed with this sale without question. However, until said final approval is given, Mrs. Roberts feels that she is in no position to sign any additional documents which might in any way encumber her property.

We wish to call to your attention also that this matter has been hanging since February 20, 1969 and the time for performance as regards certain conditions on the part of the purchaser has long since passed. With this in mind it is not too comforting to know that this matter may be delayed further. Mrs. Roberts is as anxious for a definite answer as you are and it is working a great hardship on her to have this matter continuously delayed. The market has been operating at a loss for the last four months and this is largely due to the publicity which has been given to this pending sale.

Group To Begin Men's Fellowship

A Men's Fellowship for men in the Sierra Madre community will hear Albie Pearson, Major League Baseball player, on Monday evening, October 13th.

A unique evening of fun and fellowship will be provided along with a delicious catered meal. A great year is planned that includes an astro-physicist, a ski-jumping instructor, a father-son steak fry, and colored films of the recent moon trip.

Mr. Al Elby, organizer of the group, comments that he expects "a great turnout, a fine meal at an unusually reasonable price, and an evening that men will feel has been well spent." More details will be forthcoming. Tickets can be gotten through Bethany Church, 355-1409.

At Convention

Virginia Olson of 585 West Sierra Madre Boulevard, recently was at the convention of the National Association of Bank-Women, Inc., held in San Francisco. Mrs. Olson is assistant secretary in the office of the secretary at a bank in Los Angeles. More than 850 women bank officers from all parts of the country and several foreign countries attended the meeting, which featured many nationally-known speakers.

Rev. Anderson Announces Sunday Topic

The Rev. Richard J. Anderson, pastor of Sierra Madre Congregational Church, 170 W. Sierra Madre Blvd., will have for his sermon Sunday at 11 a.m. "What Must I Do?"

In commenting on his sermon, Rev. Anderson says: "Some time ago during a question-and-answer session at Harvard Divinity School a student stood up and asked a well known evangelist this question: 'Can you tell me in plain and clear language what I must do to be saved?'"

"Recently at Cal Tech in Pasadena I was conversing with several students in the hallway of one of the houses. Our conversation turned to Jesus Christ and within several minutes three or four students passing by overheard the name of Christ mentioned and came closer and entered the discussion.

"As in Jesus' day in Palestine so it is today in the 20th century, people want to know what they must do to be saved. Jesus' whole life and ministry centers its focus in this crucial question. Jesus said: 'I have come to seek and to save that which was lost.'"

Are you lost? Jesus came to save the lost. Do you want to be saved? Jesus said: 'Ask and ye shall receive.' If you are lost, tell Jesus. If you want to be saved ask Him to save you and He will. 'Ask and ye shall receive that your joy may be full.'"

Register for Sunday school — and support rummage sale October 17 and 18, Friday and Saturday, 9 a.m. to 5 p.m.

Firefighters Assist

be brought together in a matter of not more than two to three minutes, and these men are dedicated to the Life, Health and Welfare of your community. Firefighting is the main source of their activity, but they stand ready in any emergency.

Sermon: 'Riches Within Reach'

Dr. Max Morrison will be the guest speaker at The Santa Anita Church, 226 West Colorado Boulevard, Arcadia, on Sunday, October 5th at the 11:00 a.m. service. He has selected as his subject "Riches Within Reach." Dr. Morrison was minister of Westminster Presbyterian Church in Pasadena for many years and is widely known as an author and guest lecturer. He is no stranger to the Santa Anita Church and he will be welcomed back by the congregation and his many friends. All are invited to share Dr. Morrison's message. Infant and child care are provided.

Brochures are available at the church office outlining the Adult Fall Classes, the first semester commencing October 13 and continuing through December 15, given by the minister, Rev. Margaret M. Stevens. Monday night classes on Bible interpretation began at 7:30 p.m. followed by an 8:30 p.m. class in "Working With the Law." Tuesday night classes commence at 7:30 p.m. on "Lessons in Truth." This class is designed for new students in Truth and is followed at 8:30 p.m. by an advanced study group on "The Healing Consciousness." Classes are open to the public.

Sermon Subject Is 'Unreality'

"Ye judge after the flesh; I judge no man." This Bible verse from John is included in the Lesson-Sermon to be read in all Christian Science churches this Sunday.

A passage from Science and Health with Key to the Scriptures by Mary Baker Eddy used in supporting commentary reads: "Immortal men and women are models of spiritual sense, drawn by perfect Mind and reflecting those higher conceptions of loveliness which transcend all material sense."

The subject of the sermon is "Unreality."

Thurs., October 2, 1969

Student Council At St. Rita's

During the past week excitement was the key word at St. Rita's School. For the first time in two years the school will have a student council. During the week of elections, campaign posters covered the walls of the school shouting in bold type their candidates. Campaign speeches were included in the week's activities and voting was held in real booths generously lent the school by L.A. County.

The government is based on a Commissioner type representing various activities having interest to the children. The winners of these positions are: Commissioner General Gretchen Gerwe, Assistant Commissioner Terrence Ecker, Commissioner of Social Concern John Driscoll, Commissioner of Athletics Ernie Ruskey, Commissioner of School Spirit Mary Ellen Burns, Commissioner of Student Affairs Margaret de la Torre, Commissioner of Safety Carolyn Cabral, Commissioner of Religious Affairs Alvare Francisco, Commissioner of Public Relations Lisa Verhovek. Each class is also represented by class representatives which form an integral part of the new student government.

Each commissioner is eagerly assuming his or her responsibility and at present each one is soliciting committee members to help them carry out the important duties each has assumed. The first activity will be a Mass on October 3 in honor of St. Francis, a man most relevant to our times. An assembly is also in the forming to honor the new officers by presenting them with their student council pins. Other activities range from cleaning up our campus to helping those in need here in our own city.

Shop with your local merchant, he will always treat you right and be available to help you.

Bethany Church's Weekday Clubs Get Fall Start

Bethany Church of Sierra Madre will begin its Weekday Clubs for the Fall this week. Christian Service Brigade commences on Monday, October 6, at 6:45 p.m. Boys 8-12 years of age will be in its Stockade program under the capable leadership of Ron Groff, Chief Ranger. Boys 12-18 years of age will be in Battalion under leadership of Dwight Westover. An exciting program with campouts, crafts, achievements, and awards is in the offing being planned by ten adult leaders for 50-60 boys. All boys in the community are cordially invited.

Pioneer Girls Program is provided for girls in grades 3 through 6 and commences on Tuesday, October 7th at 4:00 p.m. at Bethany. Mrs. Theda Wilson and Mrs. Tomi Shimizu head up this group called the Pilgrims.

Girls in Grades 7 through 9 called Colonists convene at 7:00 p.m. on October 14 under the leadership of Miss Jeannette Gunckel and Miss Celia Galer. A brand new program, Explorers, for High School girls has had its first meeting and will meet weekly at 7:00 p.m. on Mondays. Mrs. Carol Feldmeth gives leadership to this new group.

Children and young people from all races, religions, and backgrounds in Sierra Madre community continue to populate these Weekday Clubs.

CARROT TOP

two, and brother, if you think that is not going to wipe out a few around these parts you better start thinking otherwise.

The Flood Control District plans on moving into the Canyon to reconstruct the Sierra Madre Wash, but they do not plan on moving in until April of this next year, and this could be far too late to help the area.

Your Council has toured the area and the situation looks a lot similar to if we get the rain, we will definitely get the mud, rocks and debris, unless the City Council does something about it immediately, and we do not mean next December, January or February.

Many have asked as to what could be done. Seeding will be one phase of the program that we are sure that the County will do, but seeding alone will not do the job, it will take engineering and know how, as to where the water, mud, rock and debris will expend its efforts, and when this is determined then the city must sandbag, and we mean sandbags plenty.

Glendora knew what was coming, but everyone seemed to stand around with their eyes on someone else to do the job for them, results was that many homes were wiped out and the loss ran into the millions of dollars, and the situation is not solved yet. Heavy rains this fall and spring will be a repeat of last year for Glendora.

Lower Canyon homes and the northwestern part of Arcadia will be the people that will feel the heavy brunt of what is sure to come this year, unless we take care of it, or happen to have a drought year. Further, we see great amounts of this same stuff coming down the Chantry Flats Road. We seriously doubt that the business district will be affected with what has happened thus far. The fire did not burn to the west sufficient to send the materials down Baldwin, Lima or Sunnyside.

The Fire has burned 850 acres of watershed, it is considered a "deep burn" in some areas, we seriously doubt that the Los Angeles County Flood Control District can do anything for us; we delayed this project one year; let us pray that the Council will get busy immediately and that we do have a drought year. It is our only hope, I hope, I hope, I hope.

Happy tenth birthday to Scott Bryan whose natal anniversary was Sunday, September 28. Occasion was celebrated with a family dinner party with his parents, and his 94 year old great-grandmother Mrs. Helen Tarr. Also Miss Martha Tarr, Mrs. Robert Tarr and Robin, Michael and Eric of Granada Hills were present.

Missionaries To Greece, Mr. and Mrs. Robert Hill To Speak At Church

Missionary Fellowship of Bethany Church, corner of Baldwin and Montecito Avenues in Sierra Madre, will convene for regular monthly meetings beginning October 7.

Regular meetings are held the first Tuesday of each month. A work time of sewing begins at 9:30 a.m. and a catered luncheon is served for a one dollar donation at 12:00 noon. Outstanding speakers have been featured in the 1:00 p.m. afternoon sessions, and the October 7 meeting will feature Mr. and Mrs. Robert Hill, missionaries to Greece with the Greater Europe Mission.

Robert was born in China of missionary parents. Having spent his early life growing up in China, Japan, and Brazil, he graduated from Culter Academy (High School) in Los Angeles, and went on to Los Angeles City College. He holds a B.A. (1964) in Speech and an M.A. (1965) in Speech from California State College at Los Angeles, and a B.D. (1969) in theology from Fuller Theological Seminary.

Maria was born in Greece of Greek parents. She came with her family to Oakland, California, at the age of eleven, and went to school through high school in the Bay area. She went to Los Angeles City College, where, in 1962 she met her future husband. She holds an A.A. (1964) from L.A.C.C. and a B.A. (1967) in Art from California State College at Los Angeles.

Bob and Maria were married in 1965 in Los Angeles. They have served in several churches in the Los Angeles area, and have completed the Missionary Internship in-service training program in Farmington, Michigan. They work considerably with children and young people, and have had successful ministries in ventriloquism, Gospel magic, Gospel folk music, in addition to the regular ministry of

At present Maria is teaching and Robert is working with Gospel Light Publications in Glendale, while completing preparations for leaving for their first term in Greece with the Greater Europe Mission. They expect to leave around April 1, 1970. They love the Lord Jesus Christ with all their hearts, and earnestly desire to serve Him.

Guests are welcome at all meetings. For luncheon reservations call either 355-9715, 446-1849 or 355-6447.

St. Rita's Guild Sets Card Party And Luncheon

St. Rita's Guild annual "Autumn Card Party and Luncheon," is slated for October 7th at 10:00 a.m. in the Parish Hall, 318 N. Baldwin, Sierra Madre.

Card playing will begin at 10:00 a.m. until 12:00 and resume again after lunch for the afternoon. Luncheon will be served by the 8th grade mothers, headed by Mrs. Lawrence Vanni and Mrs. Ismael Valenzuela.

There will be door prizes and a raffle, under the chairmanship of Mrs. Charles Norman and Mrs. John Daniels.

The decorations in the hall and the prizes will be done in the traditional autumn colors of yellow, green and brown.

For reservations please contact reservation chairman, Mrs. John Englert, 355-3176 or Mrs. James Fischer 355-7692, Ways and Means Chairman.

St. Rita's Guild President, Mrs. Robert Behrens announced that this is a Ways and Means Project of the Guild and all profits will be used for maintenance of the school.

Attend the church of your choice every Sunday.

Rites Held For 50 Yr. Resident, Letitia Scalzo

Mrs. Letitia Scalzo, 145 East Sierra Madre Boulevard, a resident here for the last half century, passed away September 21 following a short illness. She was 80 years old.

Mrs. Scalzo, born in Italy, moved to Sierra Madre from Bridgeport, Connecticut in 1919 with her husband Mr. F. G. Scalzo. While residing at the same address since 1921 she was active in the Women's Club, the St. Rita's Guild, and in other charitable organizations. She loved gardening and delighted in spending long hours out in the yard.

She is survived by two sons, Joseph Ralph and Carlton Vincent, both of Sierra Madre, and by six grandchildren and three great-grandchildren.

Rosary was recited at St. Rita's on Tuesday evening, September 23, and Requiem Mass was celebrated Wednesday morning, September 24. The Rev. Thomas O'Malley was the celebrant.

Interment followed at Resurrection Cemetery in South San Gabriel.

More belated birthday wishes — this time to Robin and Candy Evans who combined their birthdays on Sunday, September 21 and shared cake, gifts and a family outing to the L.A. County Fair. Robin was 7 on September 20 and Candy was 11 on September 22nd. Happy birthday girls!

and 50c for Adults.

Last Chance For Fall Recreation Program

This week will be the last chance to sign up for fall recreation programs offered by the Sierra Madre Parks and Recreation Department. The Department is conducting a full slate of programs which begin the week of October 6. The following activities will be offered:

Fun with Dance, 7 and over, Monday, 3:30, Recreation Center, \$5.

Fun with Drama 7 and over, Tuesday, 3:30, Recreation Center, \$5.

Fun with Baton, 7 and over, Wednesday, 3:30, Recreation Center, \$5.

Fun with Guitar 8 to 15, Wednesday, 3:30, Recreation Center, \$5.

Fun with Guitars, 10 and over, Wednesday, 8:00, Recreation Center, \$7.

Fun with Arts & Crafts, Thursday, 3:30, Saturday at 10:00, Recreation Center, \$7.

Fun with Tennis, 8 to 15, Saturday, 10 & 11:00, Memorial Park, \$5.

Fun with Nature, 8 and over, Saturday, 9:00, Park House, \$5.

Wilderness Survival Training, 8 and over, Saturday, 10:00, Recreation Center, \$7.

Registration for all above classes taken daily at Recreation Department at City Hall. Classes are limited and on first-come, first-serve basis. Call 355-7135 for additional information.

Pool Open Weekends

The Sierra Madre Swimming Pool will be open weekends through October from 1:30 to 4:30 for recreational swimming. The Municipal pool is located at 601 E. Sierra Madre Boulevard in Sierra Vista Park. The Admission Fee is 25c for Juniors 18 and under

Weekly Class For St.

day, is expected to run approximately forty minutes. Occasionally, Sgt. Samony will invite guest speakers from other law enforcement departments, in addition to officers from our own Sierra Madre Police Department. Police Chief James Zurcher was on hand at the initial meeting and was introduced to the boys and girls by Sgt. Samony. Both feel, along with Sister Corinne, that a school program such as this will reap many benefits — to the students, themselves, the community, the schools, law enforcement and the parents.

An experimental venture, it is hoped that this class will fill a need, or gap, that has been growing, universally rampant, and left unchecked will become an expected way of life. The need is for many things, but basically for the establishment of better rapport between students and their teachers, their parents and other adults; for a better rapport and understanding with law enforcement, especially local police; a better understanding and acceptance of the whys of discipline and authority; and a respect for fellow citizens and his property. All these things, and more, have been rapidly disintegrating.

If this course meets with success, and from all indications, it will, it will be perhaps, the start of many more such classes throughout the southland.

Fire Week

separate fires. It would seem that the national slogan was very appropriate.

Our local firefighters sincerely hope that all Sierra Madreans will make a serious effort at fire prevention. They suggest that everyone practice home fire escape after developing a fire escape plan that suits their own home and needs. In planning such escapes it is essential that there are two means of exit from each room, whether by window or door. Practice drills such as these have saved many a life.

Captain Don Bureson, Fire Inspector, reminds us that "Fire Prevention is not just an activity for one week out of the year, but the continuous responsibility of everybody throughout the entire year."

Lady's Fellowship Will Meet Oct. 7

The Women's Fellowship department of the Sierra Madre Congregational Church will hold its first meeting of the fall season on Oct. 7. Bible study class is held from 10:30 a.m. to 11:30 a.m. with a luncheon and program following immediately. The speaker will be Mrs. William Stewart from the Los Angeles County Arboretum. Mrs. Stewart, who lives in Arcadia is one of the co-founders of the Arcadia Children's Theater and the Creative Arts Group of Sierra Madre. Mrs. Stewart will speak on the Arboretum's Braille Garden for the Blind. All women are invited to attend. Mrs. Maude Nelson, President of the group has announced baby-sitting will be provided.

Elementary School Menu

Menu subject to change.

— ☆ —
Birthday Wishes Department — Best wishes to Mrs. Mimi Sterling and her daughter, Mrs. Jeannette (Robert) Heasley, whose respective birthdays were September 13 and September 15 had a combined family celebration on Thursday, September 18. Those extending their best wishes and partaking of cake, ice cream and coffee were Jeannette's husband, Bob, his mother, Mrs. Hilda Heasley of Sierra Madre, the Heasley's teenage son, Butch and their daughter and son-in-law, Ann and Steve Sproger of Alhambra.

Mama Pete's Nursery School Celebrates 25th

Day Nursery" was born.

There have been many happy memories brought to mind as Mama Pete goes back through the records of the last 25 years, to contact these children to attend their open house in celebration of the twenty-fifth anniversary of their Nursery School.

One memory is of a family of four children who attended over a period of 17 years. The Harold Thompson family with Wally now 27 years, Ellen 22, Andy 13 and Stevie 12. Mama Pete commented, "It seemed as if something were missing when we no longer had a Thompson child with us." The boys still ride up to Sierra Madre on their bikes for a visit every now and then.

There have also been several students who have grown, married and returned to bring their children. One of these children is Cynthia Ellet Keltner who attended in 1945 then returned to bring her son Eric in 1965. Cynthia said "My memories of the time I spent at Mama Pete's are such happy ones that I want Eric to have the same experience." Eric is now in the first grade in public school.

Each record brought a smile as she remembered something about each child. "Oh, remember this one called me 'Mama Peaches' or 'Little Johnny always fell asleep in his lunch' or 'How musical Mark was. I wonder if he still is?'" Christmas is always memory time to when all the cards and letter from former students begin to fill the mail box.

One of these students is Mark Merriman who graduated from High School with great honors and is now attending the Naval Academy at Annapolis. Mama Pete treasures a letter she received recently from Mark telling her about life at the Academy and signing it "one of your children." Many of her graduates stop by to say hello and see what is new since they graduated into "Big School." Every day is happy time at Mama Pete's with so many fun things to do. The children learn to get along with others, to share toys, to be thoughtful, courteous, and helpful. There are many beautiful pieces of equipment, all built by Daddy Pete, to add to the day's enjoyment. The story book doll house, shiny red sand box, colorful building blocks and walking boards, painting easels for the little artists, and best of all the miniature pet barn for real live pets. Daddy Pete even built a swimming pool (doing it himself) so there are swimming lessons during the summer.

The Petersons have five grandchildren, Cindy 11 years and Charles 9 who live with their parents Mr. and Mrs. Dan Lee Peterson in Santa Rosa. David 8 years, Vickie 6 years and Cathy 1½ years who live with their parents, Dr. and Mrs. Glen McCormick in Anaheim.

Mama Pete says she never planned to be in the nursery school business, it just happened. Now she doesn't know what she would do without her little ones, they keep you so young."

The open house is Sunday, October 5, from 2 to 5 o'clock in the afternoon. Invitations have been mailed to all former students that could be reached. Any one interested in seeing the school is most welcome to attend the open house at 71 Suffolk Ave.

Mrs. Harry Jackson Re-elected Toy Loan Advisory Board Chairman

The September meeting of the Toy Loan Advisory Board of Los Angeles County marked the installation of new officers. Mrs. Harry A. Jackson was elected to her second term as chairman. Mrs. J. A. Major is vice chairman. Mrs. Al Greenleaf is treasurer and Mrs. Norman Shelton is secretary for the Toy Loan Advisory Board, a 35 year old non profit organization, which has as its purpose to provide children with wholesome activity for their leisure time. As chairman Mrs. Jackson adds many duties to her already busy schedule. She is an active member of the Sierra Madre Auxiliary of Crippled Children's Guild of Orthopedic Hospital, and a member of the Sierra Madre United Way Board. The Sierra Madre Civic Club, sponsoring organization for their toy loan center, has enjoyed Mrs. Jackson's services as chairman and past officer. Mr. Jackson, Claims Manager for Aetna Life and Casualty Company, Mrs. Jackson, their three children, Carolyn, Deborah and Spencer, live on Colony Avenue in Sierra Madre.

Mrs. Major was re-elected vice chairman. Being connected with an organization which has the welfare of children and youth at heart is a way of life for Mrs. Major, who has worked extensively with PTA, being PTA President of both the Sixth Avenue and Washington High Schools, and is

Secretary Mrs. Norman Shelton is also past president of the Sunland Women's Club Juniors and Child Welfare Chairman for Sunland Schools. Her busy schedule includes activities for their two girls, ages 2 and 9, volunteer work at Kidney Dialysis Center of USC Medical Center, and the very active Sunland-Tujunga Toy Loan Center. Mr. Shelton is Staff Manager for Prudential Insurance.

SIERRA MADRE NEWS

NOTICE INVITING BIDS

GRANDVIEW AVENUE — ACACIA TO STONEHOUSE ROAD

SEALED PROPOSALS will be received at the office of the City Clerk, City Hall, 55 West Sierra Madre Boulevard, Sierra Madre, California, until 11:00 A.M. on October 23, 1969, at which time said bids will be publicly opened and read for performing certain work described as "Grandview Avenue — Acacia to Stonehouse Road."

A list of items and quantities is shown in the proposal form furnished by the City. Each bid must be accompanied by a certified or cashier's check or bid bond, made payable to the City of Sierra Madre for an amount of ten percent (10%) of the amount bid, such guarantee to be forfeited should the bidder to whom the contract is awarded fail to enter into the contract.

In accordance with the provisions of Section 1770 to 1777, inclusive, of the Labor Code of the State of California, the City of Sierra Madre has ascertained the general prevailing rate of wages applicable to the work to be done by adoption of Resolution No. 69-41 such Resolution on file in the office of the City Clerk for reference particulars. The rates so ascertained or as amended by later agreements are to be followed.

No bid will be accepted from a contractor who is not licensed in accordance with the provisions of the Business and Professional Code of the State of California. The plans, proposal form, contract and specifications may be obtained at the office of the City Clerk, City Hall, Sierra Madre, California, without charge excepting a charge of \$2.00 will be made if the material is to be mailed. A mailing address and a phone number must be left at the aforementioned office at which the prospective bidder agrees is sufficient to reach him.

SPECIAL INSTRUCTIONS TO BIDDERS: Bidders must satisfy themselves by personal review and inspection and by such other means as they may prefer, as to the actual conditions and requirements of the work, and shall not at any time or for submission of the bid dispute, complain, or assert that there was any misunderstanding in regard to the nature or amount of work to be done.

LEGAL NOTICE

The special attention of prospective bidders is called to the instruction to Bidders and Special Provisions and Specifications annexed to the blank form proposal, for full direction as to bidding, etc.

The City of Sierra Madre reserves the right to reject any or all proposals or bids, to determine the lowest responsible bid, to accept the lowest responsible bid, and to award the bid as determined to be in the best interest of the City of Sierra Madre.

BY ORDER OF THE CITY COUNCIL OF THE CITY OF SIERRA MADRE, CALIFORNIA.

NOTICE OF PUBLIC HEARING

NOTICE OF ESTABLISHING PROPOSED CIVIC CENTER OVERLAY ZONE

NOTICE IS HEREBY GIVEN

that the Planning Commission of

LEGAL NOTICE

The City of Sierra Madre will conduct a public hearing on Thursday, October 16, 1969, at 8:30 P.M. in the Council Chambers of the City Hall located at 55 West Sierra Madre Boulevard, Sierra Madre, California, to consider a proposed ORDINANCE OF THE CITY OF SIERRA MADRE AMENDING THE ZONING REGULATIONS BY ESTABLISHING A CIVIC CENTER OVERLAY ZONE, adding Part 9-A to Chapter 3 of Article IX of the Municipal Code. The purpose of this proposed Civic Center overlay zone is to provide the City with an opportunity to review proposed development in the context of the Civic Center and harmonious community development for R-3, R-P, Manufacturing and Commercial uses consistent with the requirements of the existing regular zone it overlays. The proper permit to be granted by the Planning Commission which may attach conditions prior to the issuing of any building permit in the Civic Center Overlay Zone. Appeal from Planning Commission requirements may be made to the City Council. The proposed overlay zone includes an area approximately defined as being bounded by Lima Avenue on the west and Montecito Avenue on the north and Mountain Trail Avenue on the east and Suffolk Avenue and Esperanza Avenue on the south, including all properties that face on the aforementioned streets.

LEGAL NOTICE

All persons may attend such hearing and be heard with respect thereto.

The struggle for power in Southern California.

You've created a challenging problem for us at Southern California Edison.

If yours is an average household, you are using twice as much electricity as you did 10 years ago.

That means you're enjoying more of the conveniences and comforts of the Electric Age.

But it's a problem because we have to build more substations to make sure you — and the growing population — continue to receive a plentiful supply of dependable, low-cost electricity.

A substation must be built where demand for electricity is growing fast. Often that's right in the middle of a community. And finding an acre or so in heavily populated areas is enough to send our site-seekers out for aspirin.

Yet sites must be found. We now operate 725 substations. We'll need to add about a dozen more each year.

However, some people have felt that all substations are bad neighbors. That was once understandable. But today, when you consider all of the facts, a substation can be nice to have around.

A substation goes about its work with quiet efficiency. It merely receives high-voltage current from a distant generating source and reduces this current to a lower voltage for local use. Under no circumstances does it produce any pollution because nothing is burned.

However, a substation does produce considerable tax revenues for the area where it's located. Usually, about half of these dollars are earmarked for local school districts. Edison, incidentally, is now the largest single taxpayer in many communities and counties where we operate facilities.

Our planning engineers now take special care to design every new substation to blend in with its surroundings.

In Orange County, for example, our ultra-modern substation in Westminster conforms to our new "low-profile" look. An 8-foot, tan-colored block wall is capped with 2½-foot cedar shake "roof" that surrounds the entire installation. About half of the property is planted with shrubbery, and eucalyptus, pine and fig trees.

Admittedly, some of our older substations won't win a beauty prize, but we're taking steps to improve their appearance. Our substation in Westminster, for instance, won praise from the City's Beautification Committee.

Besides substations, we'll also need to build more transmission lines and generating stations in Southern California as well as out-of-state. To avoid power shortages, we plan to build so that we won't end up having all our eggs in one electrical basket.

But wherever we build, you can count on Edison to stress beautification. Because it involves you and your environment. To us, that's important. After all, 11,000 of us work at Edison. Our families live here, too.

Perhaps your community will be one of the areas proposed for a new substation. If so, we'd like to count on your understanding and support. To help us win the struggle for more power for you.

BLUE LUSTRE

CARPET SHAMPOO

works best in all rug-shampoo machines!

Nothing else cleans rugs so beautifully or easily—in any machine! A gallon cleans 650 sq. ft. (under 1¢ per sq. ft.) Leaves nap open and fluffy, even in worn entry areas.

Wall-to-wall, or just spots or traffic paths. Revives colors (in upholstery, too!). Safe! No soap. No no residue. Vac removes dried foam containing all the soil.
